INTERNSHIP EXPERIENCE

CodTech IT Solutions Private Limited <i>Web Development Intern</i>	Remote 30th May 2025 – 30th Aug 2025 Certificate of Completion
- Completed a 12-week structured online Web Development internship, working across front-end and back-end tasks as part of the CodTech program curriculum. - Strengthened practical skills in modern web development workflows, debugging, and remote collaborative project delivery.	

PROJECTS

LoveForLove <i>React.js, Tailwind CSS, Framer Motion, React Router</i>	June 2026 – Present Live Site
- Building a full-stack couples/relationship web app featuring a custom woven infinity-heart logo, animated galaxy/nebula backgrounds, and smooth Framer Motion page transitions. - Developed core relationship features including MoodTracker (optimistic updates, streak tracking, mood heatmap), SharedCalendar, and a MediaGallery with live caption editing. - Built a secure partner-invite flow and social-auth login, resolving critical component lifecycle and state-sync bugs for reliable multi-user sessions.	
NotesHere <i>React.js, Node.js, Express, MongoDB Atlas, Socket.io, Razorpay</i>	2025–2026 Live Site
- Diploma final-year project: a full-stack notes marketplace where students buy, sell, and share academic notes, scaling to 300+ notes across 250+ users. - Integrated Razorpay payments with an in-app wallet system, Google Gemini API for AI-generated note summaries and an AI chat assistant, and Socket.io for real-time 1-on-1 chat. - Built a full admin dashboard (user/session management, moderation, bulk upload of 500+ PDFs with de-duplication) and a dark, glassmorphic UI with Tailwind CSS.	
Daily News Digest <i>HTML, CSS, JavaScript</i>	2026 Live Site
- Built a responsive multi-category news portal covering World, Technology, Sports, Business, and AI, with dynamic category-based routing. - Implemented newsletter signup, article bookmarking, a trending-tags module, and dedicated contact/settings pages.	
Personal Portfolio <i>HTML, CSS, JavaScript</i>	2026 Live Site
- Designed and built a personal developer portfolio with About, project “Build Log”, and Contact pages, deployed on Vercel. - Implemented a validated contact form and a minimal dark editorial theme to showcase shipped projects and tech stack.
